East Carbon, Utah 84520-0910

Subject: Conditional Approval of Fan Installation, UtahAmerican Energy, Inc., C/007/0013,
Task ID # 4818

Dear Mr. Marshall:

The above-referenced amendment is approved conditioned upon receipt of 2 clean copies prepared for incorporation. Include with the clean copies, the north and south breakouts to the facilities list in the legend of Plate 5-2.

Please submit these copies by May 15, 2015. Once we receive these copies, final approval will be granted. A stamped incorporated copy of the approved plans will also be returned to you at that time, for insertion into your copy of the Mining and Reclamation Plan.

Once final approval has been granted, provide the following as-built information within 60 days of completion:

1. Update the MRP (Chapter 5 p. 64) with a volume estimate and source for the fill that will be required to reclaim for the north breakouts and south breakouts.
2. Create a figure for the north and south breakouts similar to Plate 5-9 which shows pre-existing, operating and final reclamation contours for the north and south breakout entries.

If you have any questions, please call me at (801) 538-5325 or Amanda Daniels at (801) 538-5262.

Sincerely,

Daron R. Haddock
Coal Program Manager
