Dear Ms. Madsen:

The Division received your application for the above-noted permit change on November 14, 2016. Pursuant to R645-303-221, the Division completed the requisite 15-day Initial Completeness Review (ICR) and denies this application for a technical review based on the inadequacy of bonding information. The Division will meet with EIS to discuss bonding for this amendment. Following this meeting, please re-submit the application with corrected bond sheets.

If you have any questions, please call Cheryl Parker at (801) 538-5286 for further details.

Sincerely,

Daron R. Haddock
