Mr. Don A. Stephens
Resident Geologist
American Electric Power
P.O. Box 629
Helper, Utah 84526

Dear Don:

In response to your letter to Mike Thompson of the Division concerning a seed mixture for exploration sites, the Division feels that the proposed mixture is an acceptable one. However, since the coal being mined is Federally leased, approval should also be obtained from the Office of Surface Mining.

Please inform the Division if this same seed mixture is to be utilized in the revegetation of other disturbed areas at the mine site as described in the compliance study done by Golder Associates for Braztah in January, 1979.

Sincerely,

MARY ANN WRIGHT
RECLAMATION BIOLOGIST
