RE: Herbicide Control
Gordon Creek #2 Mine
ACT/007/016
C. V. Spur
ACT/007/022
Carbon County, Utah

Dear Mr. Meyer:

We acknowledge your request to delay the approved spraying of Salsola sp., using 2,4-D LO-V ESTER until the spring of 1982. As is the opinion of the specialists that were contacted, we concur that a greater success would be achieved by delaying the spraying operation until spring.

To avoid any problems, contact the Division (by letter or phone) at least one week prior to the application of the herbicide. This would allow us time to inform those involved.

If you have any questions, feel free to contact me.

Sincerely,

LYNN M. KUNZLER
RECLAMATION BIOLOGIST
