RE: Apparent Completeness Review  
Beaver Creek Coal Company  
Gordon Creek #2 Mine  
ACT/007/016  
Carbon County, Utah

Dear Mr. Parker:

Please find enclosed a copy of the Division's Apparent Completeness Review (ACR) for Beaver Creek Coal Company's Gordon Creek #2 Mine. The ACR, in an attempt to speed up the review process, has listed areas that are incomplete, as well as addressed areas that will require additional information necessary to proceed with a Technical Analysis (TA). The Office of Surface Mining's (OSM) concerns are also integrated into the ACR.

If you have any questions concerning the ACR, please contact me or Steve Cox of my staff. We would be more than glad to arrange a meeting to discuss or clarify any items which you think would help you in your resubmission and expedite the review process. Your earliest response would be greatly appreciated so that we may establish a mutually acceptable time frame for your resubmission.

Sincerely,
