James W. Smith, Jr.
Coordinator, Mined Land Development
4241 State Office Building
Salt Lake City, Utah 84114

Dear Jim:

With this submittal Beaver Creek Coal Company hereby submits three copies of our revised application for exploration of greater than 250 tons. Two copies of the application will be hand delivered to the BLM on September 16, 1983.

This revision incorporates responses to the concerns and restrictions brought out at the meeting between Beaver Creek, DOGM, BLM, and OSM on August 31, 1983. Those concerns were documented in a September 8 letter from the Division to BLM.

As discussed in the application, construction is still scheduled to begin at the end of this month. It is therefore requested that a decision be made by September 23, 1983. I will be available throughout next week to answer any questions or clarify any confusion regarding this submittal.

Beaver Creek Coal Company would like to commend DOGM on the cooperation that we have received on the the project to this point. I hope that we can work together in this manner in the future.

Sincerely,

Scott M. Raymond
