RE: Draft Technical Analysis and
Decision Document
Gordon Creek #2 Mine
ACT/007/016, Folder No. 2
Carbon County, Utah

Dear Mr. Guy:

Enclosed please find a copy of the Division's Draft Technical Analysis (TA) and Decision Document for Beaver Creek Coal Company's Gordon Creek #2 Mine. As you will note in your review of the TA, there are several items which will require your company's submission of additional technical information, as have been outlined in the Draft Stipulations. Many of these stipulations must be dealt with before the Division can proceed into the Final Technical Analysis phase of the review process. The Division therefore requests that Beaver Creek Coal company promptly review these documents and contact the Division to set up a meeting with our technical staff to clarify any outstanding requirements within two weeks of receipt of the enclosed.

Should you have any questions regarding the Draft TA, please contact Mary Boucek or Steve Cox of my staff.

Sincerely,

James W. Smith, Jr.
Coordinator of Mined
Land Development
