Carbon & Emery Counties, Utah

Dear Mr. Guy:

You have requested a change in your water quality sampling program for all surface and ground water sampling sites for all mines from monthly to quarterly. The Division has reviewed your request and has decided that you may change your sampling schedule on ground water sampling points to quarterly, but must continue to sample your surface water sites on a monthly basis.

Any questions regarding this proposed change can be directed to myself or Joe Helfrich of the inspection staff.

Sincerely,

THOMAS MUNSON
RECLAMATION HYDROLOGIST
