Dear Mr. Guy:

RE: Administrative Delay on Notice of Violation N85-8-17-1,  
ACT/007/016, Folder #7, Carbon County, Utah

After conversations with Wayne Hedberg, it came to my attention that additional information is needed before any approval can be made for retention of the spoil from #2 and #7 mines which was stored on Beaver Creek Coal #3 and #6 mines (INA/007/017).

As sample results were submitted on November 15, 1985 and the need for additional information determined on January 13, 1986, administrative delay is granted for the period between the two dates.

A new abatement date of February 3, 1986 is now in effect. By this date Beaver Creek Coal must obtain approval to store the spoil at #3 and #6 mines or return the material to the #2 and #7 mine. No further extension can be granted.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Thomas W. Wright".
