Re: Installation of Portal Seals
Gordon Creek No. 7 and No. 8 Mines
ACT/007/016 # 2
Carbon County, Utah

Dear Ms. Littig:

In reference to our phone conversation on 11/28/90, Beaver Creek Coal Co. is herein requesting approval to install permanent portal seals only in the Gordon Creek No. 7 and No. 8 Mines during the month of December 1990. Under this request, backfilling of the portals will be delayed until the earthwork portion of the final reclamation in 1991, due to the frozen ground conditions and difficulty in achieving proper compaction of the backfill under winter conditions.

I appreciate your assistance in obtaining this approval. If you have any questions, or need any further information, please let me know.

Respectfully,

Dan W. Guy,
Mgr. Permitting/Compliance
