Re: Permit Renewal Conditions
Clarification of Condition #1 - Part 2
Gordon Creek No. 3/6 Mines
ACT/007/017; Folder #2
Carbon County, Utah

Dear Ms. Littig:

Enclosed are 8 copies of a revised Appendix 9 (including Plate APP.9) for clarification of Condition #1 - Part 2 as requested in your letter of February 21, 1992. These revisions reflect the suggested changes in that letter, and, if acceptable, should replace the previously submitted Appendix 9.

I read the letter as stating that all responses to the condition were acceptable, and that the changes on the success standards were suggestions only. I subsequently faxed a copy of the letter to Patrick Collins of Mt. Nebo Scientific for his opinion. He responded to my request on May 14, 1992 and was in complete agreement with the suggested change; therefore, I revised the Appendix and the map accordingly.

If you have any questions, or need any further information, please let me know.

Respectfully,

Dan W. Guy
Manager Permitting/Compliance
