Re: Request for Extension  
Division Order ~~DO-91A~~  
Gordon Creek No.2/7/8 Mines  
ACT/007/016-DO91A; #3  
Carbon County, Utah

Dear Mr. Braxton:

This letter will confirm my verbal request and your subsequent approval of an extension on the above referenced Division Order until May 7, 1992.

This request was made for 2 reasons:

- (1) The stability analysis for the No.7 highwall had not been received from the consultants; and
- (2) A new mass balance and cross-section are being done for the entire site, and couldn't be completed without the highwall stability data.

The stability data will be in early in the week of April 27, and I will be able to complete the highwall reclamation design along with other reclamation issues at that time.

I appreciate your consideration in this matter. If you need any further information, please let me know.

Respectfully,
