RE: Reclamation Plans, Mountain Coal Company, Gordon Creek #2, #7, and #8
Mines, INA/007/016. Folder #3, Carbon County, Utah

Dear Daron:

Mountain Coal Company is requesting that the deadline for responding to issues raised during DOGM's latest review of our proposed reclamation plan for the above-described mines be extended. Your letter to me dated November 21, 1994 imposed a deadline of December 21, 1994 for providing these responses. While this deadline is realistic for much of the information requested, the issues related to reclamation of the Old Fan Portal Area are new and will take some time to respond to. Thus we request an extension to January 31, 1995.

Please do not hesitate to call me if you have any questions.

Sincerely,

Paige B. Beville
