Re: Five-Year Renewal Application Completeness (Reclamation Status), Gordon Creek #2, #7 and #8, ACT/007/016, Mountain Coal Company, Folder #3, Carbon County, Utah

Dear Ms. Welt:

The Division has determined the permit renewal application for the Gordon Creek #2, #7 and #8 Mine complete, as defined by the policy directive for permit renewal, effective January 12, 1994, with the submittal of the current bond and evidence of liability insurance. This mine is in a reclamation status. A revised reclamation plan is currently under review. This reclamation plan review is separate from the permit renewal.

Publication of this public notice is required by R645-300-121. If no adverse comments are received at the end of the 30-day comment period, findings for the renewal will be made and the permit renewed.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Pamela Grubaugh-Littig'.
