NOTICE DAQE-876-97

The following notice of intent to construct, submitted in accordance with Section R307-1-3.1, Utah Air Conservation Rules, has been received for consideration by the Executive Secretary, Utah Air Quality Board:

Covol Technologies Incorporated
4722 South 200 East
Price, Utah

Project Location: 401 N. Carbonville Rd., Price, Utah 84501

Project Description: Covol Technologies, Inc., has submitted a Notice of Intent (NOI) dated March 20, 1997, to modify the existing Approval Order (AO) for their Carbon County Agglomeration Facility. This area is in attainment for all criteria pollutants. The largest criteria pollutant emission is NO_x at 47.1 tons/yr. HCl emissions are calculated at 2.7 tons per year. Modeling was performed for the NO_x and HCl emissions from this source. The model and results have received approval from the Technical Analysis branch of the Division of Air Quality.

The Proposed Emissions increase will be (A negative sign indicates a decrease in emission rates.):

TSP	11.86 tons/year
PM_{10}	8.79 tons/year
SO_2	1.04 tons/year
NO_x	37.97 tons/year
CO	22.26 tons/year
VOC	1.71 tons/year
HYDROCHLORIC ACID	2.69 tons/year

The engineering evaluation and air quality impact analysis have been completed and no new violations of National Ambient Air Quality Standards or Prevention of Significant Deterioration Increments will occur. It is the intent of the Executive Secretary to improve the construction project.

The construction proposal and estimates of the effect on local air quality are available for public inspection and comment at the Division of Air Quality, Utah State Department of Environmental Quality, 150 North 1950 West, Salt Lake City, Utah 84114-4820. Written comments received by the Division, at the same address on or before October 18, 1997, will be considered in making the final decision on the approval/disapproval of the proposed construction.

If anyone so requests to the Executive Secretary at the Division in writing, within 15 days of publication of the Notice, a hearing will be held to explain the project and technical rationale for proposed action. A hearing will be scheduled as close as practicable to the proposed project location. Comments obtained during a hearing will be evaluated and considered by the Executive Secretary before making a final decision on the approval/disapproval of the project.

Date of Notice: September 18, 1997
