Re: Return of Water Monitoring Point 2-11-W Amendment, Canyon Fuel Company, LLC,  
Gordon Creek No. 2/7/8/ Mines, [REDACTED] 6-AM00A, [REDACTED]

Dear Mr. Hansen:

As we discussed on the phone, the Division hereby denies amendment C/007/016-AM00A (Change in Water Monitoring at Point 2-11-W) and returns it to you. We have not received any response to deficiencies we identified in our March 17, 2000 letter. Therefore, due to inaction the amendment is being returned and dropped from our review. Since your Mining and Reclamation Plan has not been changed by this action you should continue to follow it as is. You may wish to reapply for the change at some time in the future.

Please call me if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
