Steve:

It appears that 2-10-w was listed as no flow in the EDI on 4-25-03. However, my field notes show a flow and I have water quality data for that site on that date. Please remove the no flow data from the EDI as that is incorrect. I think everything else is up except for 1st quarter 2-7-w. I will upload the no flow data for that one shortly.

Chris
