Pam:

I remembered last night that Joe had let me know about 3 weeks ago that we had several sample results for Gordon Creek still in the EDI queue. I checked again today, and sure enough, I had not asked to have them uploaded. So, please find in the EDI queue the water monitoring results for the 4th Quarter 2003 for the Gordon Creek 2, 7, and 8 mines. The loss of Gary Taylor is having a greater effect on our productivity than the powers that be could have imagined. Thanks

Chris
