Subject: Re: Gordon Creek 2, 7, 8 Mines

Chris,

I have uploaded all of the information for Gordon Creek from the pipeline into the database. A report is attached.

As a reminder, according to parameters set by the assigned hydrologist, you are still missing a sample for 2-11-W.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.
Senior Reclamation Hydrologist

Pam:

I have uploaded to the EDI Gordon Creek 2, 7, and 8 Mine water monitoring sampling analysis results for site 2-2-W for the 4th quarter 2004. Apparently the lab data had not been entered properly when all the other sites were uploaded. Also, I have uploaded the first two months of 2005 monitoring data for Gordon Creek. Essentially, it covers the UPDES sampling results.

Thanks,
Chris
