Better late than never, I have fulfilled your request from a bit more than a month ago to reload tot the EDI the 3rd Quarter 06 data for Gordon Creek 2, 7, & 8. I have also uploaded all of the 3rd quarter 07 data and most of the 4th quarter 07 data to the EDI for Gordon Creek. Once I receive from SGS the water chemistry data for the missing sites, I will complete the 2007 4th quarter upload.

One other note. Since removal of the sediment ponds has occurred, I have requested UDWQ to suspend the monitoring requirements for our UPDES discharge Point 001. It looks like that will be approved this month.

Thanks,

Chris
