OK, thanks for doing this Dave. Probably wouldn't hurt to send a copy of this email or your phone conversation notes to the file for future reference.

I talked to Chris Hansen, and reminded him that he should get Water Right's buy-in before holding a meeting to keep the ponds. He said he has not heard back from Jacob to see if that is what he wants. I also talked to Dan Guy about the ponds (and to get Chris's phone number). He said he would check with DWRI about leaving the ponds in the channel and about obtaining a water right. No other action is necessary for now.
