4.b Hydrologic Balance: Sediment Ponds and Impoundments

A new aerial photography marker was observed on the impounding embankment of the bottom cell of the sediment pond. Several markers were also observed on the County road accessing the area. Neither the Carbon County Engineer's Office nor the County Road Department knew about the markers or what the intended purpose of a flyover might be. The ponds remain snow covered.

22. Other

Mr. Guy was not aware of any response from the surface land owner relative to the Permittee's inquiry about the reclamation of the site's sediment pond. A copy of the letter to Mr. Cal Jacobs is on file at the Division.
