Subject: Re: Gordon Creek Water Monitoring for 3rd qtr 06, 3rd qtr 07

Outgoing JK
c/007/0016

Chris,

Thanks for including that old data.

I have uploaded all of the information for Gordon Creek 2, 7, & 8 from the pipeline into the database. A report is attached.

According to the MRP and my checking of the database, you have included all required samples and parameters for the 3rd quarter of 2006, and the 3rd quarter of 2007.

I will de-activate 2-1-W starting with January, 2008. Also, your MRP states that sites 2-10-W and 2-11-W can be eliminated after Phase II Bond Release - are they in the area where Phase II was granted in March?

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.

Dana:

Better late than never, I have fulfilled your request from a bit more than a month ago to reload tot the EDI the 3rd Quarter 06 data for Gordon Creek 2, 7, & 8. I have also uploaded all of the 3rd quarter 07 data and most of the 4th quarter 07 data to the EDI for Gordon Creek. Once I receive from SGS the water chemistry data for the missing sites, I will complete the 2007 4th quarter upload.

One other note. Since removal of the sediment ponds has occurred, I have requested UDWQ to suspend the monitoring requirements for our UPDES discharge Point 001. It looks like that will be approved this month.

Thanks,

Chris
