Met Requirements

Did Not meet Requirements

The certified inspection submitted in the annual report corresponds with what was seen during the month of October during Division inspections. (AD, 6/10/2013)

REPORTING OF OTHER TECHNICAL DATA

Please list other technical data or information that was not included in the form above, but is required under the approved plan, which must be periodically submitted to the Division.

Please list attachments:

Reviewer Comments

The Permittee should apply for Phase III bond release of the 32.52 acres of disturbance remaining. The site is well vegetated and all backfilled areas appear stable, as do the reclamation channels. Jacob's Pond is a stock watering pond and will remain after bond release and termination of Division jurisdiction.(PHH, 3/27/2013)

MAPS

Copies of mine maps, current and up-to-date, are to be provided to the Division as an attachment to this report in accordance with the requirements of R645-301-525.240. The map copies shall be made in accordance with 30 CFR 75.1200 as required by MSHA. Mine maps are not considered confidential.
