Report summary and status for pending enforcement actions, permit conditions, Division Orders, and amendments:

I could not reach the reclamation site due to snow. See Picture
 It is unlikely that the site will not be available for inspection until April or May.

Gordon Creek was scheduled for a complete inspection. Since, a physical inspection could not be conducted. A partial inspection of paper work was conducted. A make up complete inspection will be conducted once ground inspection can be made.

The Gordon Creek has been reclaimed in excess of 10 years except for the repair areas that have been reclaimed over the past 2 years..
