County, Utah

The Utah Division of Oil, Gas and Mining (Division) has completed a review of the Mining and Reclamation Plan (MRP) and amendments submitted by Beaver Creek Coal Company for the Gordon Creek #3 and #6 Mines. The Division has determined the plan to be complete. In compliance with Section UMC 786.11(b) and (c) of the Utah Coal Mining Reclamation Act (UMC, Section 40-10-1 et seq), notice is hereby given to all appropriate agencies having jurisdiction over, or an interest in the area of the proposed operations, that a complete plan is available for public review for the existing operation located at:

Township 13 South, Range 8 East, SLBM  
Section 8, 9, 16 and 17

The Division will now prepare a Technical Analysis (TA) to determine whether the plan meets all the criteria of the Permanent Program Performance Standards according to the requirements of Utah Code Annotated Section 40-10-1 et seq.

Upon completion of the TA for said plan, a decision will be made as to approval or disapproval of the permit application. No decision will be taken by the Director for a minimum period of thirty (30) days after transmittal of this letter to the appropriate agencies. This plan is available for public review at the Division at the address noted above.
