RE: Stipulation UMC 817.150-156(1), PGL, Gordon Creek
No. 3 and 6 Mines, INA/007/017, Folder No. 2 and
4, Carbon County, Utah

The applicant submitted a specific description that re-gravelling will occur only on the area from the road junction at the sediment ponds to the junction with the Utah Power and Light road. This clarification satisfies this stipulation.
