Dear Mr. Braxton:

It is my understanding that Mountain Coal Company has applied for a partial bond release at the Gordon Creek No. 3/6 Mines, and as part of the requirements for such release, a commitment must be made for sound, future maintenance of the permanent ponds on site. Mountain Coal Company will continue to maintain the ponds until final bond release. After that time, I will maintain the ponds for their intended purpose to provide water for my livestock operations.

Sincerely,

Coan K. Jacob
