RE: Act/007/018
Soldier Canyon Mine
Permit Application

Dear Mr. Braxton:

In response to your letter dated September 22, 1986, we are submitting revisions (14 copies) to the subject permit application document. The submitted pages will completely replace existing pages in the application.

The attached Summary Table illustrates the application deficiencies noted by the Division and our response to each of these deficiencies.

After your review of these responses, it is our understanding that a notice of application can be published and Draft Technical Analysis will be prepared. If you have questions concerning the permit application document, please contact me.

Very truly yours,

Charles W. Durrett
