Re: Water Monitoring Results
Second Quarter - 1987
Soldier Canyon Mine
ACT/007/018

Dear Mr. Hedberg:

~~I have enclosed the results of our water monitoring plan for the second quarter of 1987. Please note that some samples scheduled for May were taken during the first week of June. This delay was due to rainy weather in May, which created muddy conditions on most access roads. In the past, vehicular traffic under these conditions has resulted in road maintenance problems and conflicts with surface owners.~~

Please contact me if you have any questions or comments concerning this information.

Sincerely,

SOLDIER CREEK COAL COMPANY
