Re: Water Monitoring Program
Soldier Canyon Mine
ACT/007/018

Dear Mr. Hedberg:

On February 4, 1987, the Division of Oil, Gas and Mining granted Soldier Creek Coal Company final approval for a new five year Mining and Reclamation Plan (MRP). Following this approval, the expanded water monitoring plan as described in the MRP was implemented. However, due to accumulations of snow and ice, we were unable to access several of the monitoring points scheduled for February. Those points which were inaccessible are described below.

<u>Location</u>	<u>Sample Point I.D.</u>
Soldier Creek	G1
Pine Creek	G2
Springs	3, 4, 5, 8, 10, 15, 18 & 21
Wells	5-1 & 10-2

Please contact me if you have any questions or comments concerning this information.

Sincerely,

SOLDIER CREEK COAL COMPANY

David G. Spillman
Mine Engineer
