Dear Mr. Allen:

Re: Request for Additional Copies of Plans, PAP Amendment, Request for Subsidence Monitoring Plan Change, Soldier Creek Coal Company, Soldier Canyon Mine, ACT/007/018 - 87(A), Folder #2, Carbon County, Utah

On July 20, 1987, the Division received your application, addressed to Mr. David Darby, concerning the above referenced PAP amendment for the Soldier Canyon Mine. The application cannot be processed at this time. Sufficient copies of the plans must be received to transmit to the other state and federal regulatory agencies as required under our current Cooperative Agreement and the approved Utah Coal Regulatory Program.

The Division must suspend technical review of this application until we receive seven (7) additional copies of the proposed plans for appropriate distribution. For future reference, please provide eight (8) copies of all preliminary applications for permit changes. This will help prevent unnecessary delays in processing the proposal and hopefully keep any proposed construction schedule(s) on track.

We appreciate your cooperation and understanding in completing this permitting action.

Sincerely,
