DIVISION OF
OIL, GAS & MINING

Dear Lowell:

The purpose of this letter is to confirm our phone conversation of June 7, 1988.

To prevent damage to the county road, the county is constructing a new access gate to our property. Please refer to the attached map for the location of this new gate.

With this new gate, it will be necessary to install a 15 inch drainage culvert. The culvert will allow trucks to cross our disturbed area drainage ditch. This culvert is of sufficient size to meet all design flow requirements.

As you stated over the phone, any modification of the permit could be made during the mid-term review.

If you have any questions, please contact me.

Sincerely,

SOLDIER CREEK COAL COMPANY

J.T. Paluso
Chief Engineer
