OIL, GAS & MINING

Re: New Lease ML-44365 Response

Dear Ms. Linner:

The purpose of this letter is to respond to your letter dated June 3, 1989. Our comments are as follows:

UMC 782.13 Identification of Interest - SCL

Thirteen (13) updated copies of the Surface Ownership Map E028 and Coal Ownership Map E024 are included. Please replace the corresponding maps in Volume 4.

The description of this property is in 2.4.3 page 2-23 Volume 1.

The final executed lease will be sent to the Division when received from State lands and Forestry. The document is expected during the last week of June.

UMC 817.97 Protection of Fish, Wildlife and Related Environmental Values - LK

This concern is addressed on page 4-65b of our present permit.

UMC 817.121 Subsidence Control - DWD

Soldier Creek agrees to install a subsidence monitoring point as per this comment.

Due to mining restraints, it is imperative that final approval for mining in Sections 5 & 6 be granted as soon as possible. Your help in this matter is greatly appreciated.

Sincerely,

SOLDIER CREEK COAL COMPANY
