Dear Mr. Haddock:

The Utah State Historic Preservation Office received the above referenced report on October 22, 1991. The report states that one cultural resource site (42Cb527) was previously located during the survey of this project area. We understand this site does not retain its historic integrity. We, therefore, concur with your recommendation that no historic properties will be impacted by the project.

This information is provided on request to assist the Division of Oil, Gas and Mining with its Section 106 responsibilities as specified in 36 CFR 800. If you have questions or need additional assistance, please contact me at (801) 533-7039.

Sincerely,
