RE: Application for Permit Renewal, Refuse Disposal Site and Permit Area Expansion, Soldier Canyon Mine, Soldier Creek Coal Company, ACT/007/018, Carbon County, Utah

Dear Daron:

Soldier Creek Coal Company (Applicant) submits, herewith, an application for permit renewal in accordance with the R614 Coal Mining Rules. Included within this application, is the Applicant's proposed refuse disposal site and LOM permit area. It is the Applicant's belief, that this application is complete and includes the minimum information required under R614-301 and R614-302, necessary for the Division to approve Soldier Creek Coal Company's coal mining and reclamation operations.

The Applicant would like to begin construction of the refuse disposal site late Spring of 1992, therefore, we request the Division review the enclosed permit package in a timely fashion, so that any deficiency can be adequately addressed, and a new permit be issued for the Soldier Canyon Mine. I have also enclosed a check payable to the Division to cover the required filing fee.

If you have any questions concerning the permit renewal package, please contact me.

Sincerely,

SOLDIER CREEK COAL COMPANY
