Dear Mr. Pappas:

Re: Request For Extension For Addressing Permit Deficiencies, Soldier Creek Coal Company, Soldier Canyon Mine, ACT/007/018, Folder #2, Carbon County, Utah

The Division has reviewed your August 13, 1991 correspondence, which requests an extension of time to address permit deficiencies. As you are aware the October 11, 1991 deadline date is also the date by which you must have an application for permit renewal for the Soldier Canyon Mine. The permit deficiencies must be addressed in that application for renewal.

In accordance with R614-303-232.100 an application for renewal must be filed with the Division at least 120 days before expiration of the existing permit term. The Division cannot make exception to this regulation, therefore your request for an extension is hereby denied.

The Division appreciates your position of being pressed for time but we are also interested in obtaining complete and accurate information. Please make every effort to correct the permit deficiencies by the October 11, 1991 deadline. Going beyond this date may result in enforcement action being taken. If you have any questions please feel free to phone me at 538-5340.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
