RE: Soldier Creek Coal Company ACT/007/018
Proposed Waste Rock Water Monitoring Plan

Dear Mr. Haddock:

Soldier Creek Coal Company (SCCC) would like to discontinue water monitoring at the proposed waste rock site. With the fact that the proposed preparation plant has been put on indefinite hold and sufficient baseline data have been collected, further monitoring does not seem necessary at this time.

As discussed in our July 26, 1993, phone conversation, SCCC will stop monitoring these sites starting in August. When construction of the waste rock site is assured, monitoring of all wells and Anderson Reservoir will be initiated again.

Your help on this matter is greatly appreciated. If you have any questions please contact me.

Sincerely,

SOLDIER CREEK COAL COMPANY

J. T. Paluso
Chief Engineer
