Dear Mr. Paluso:

Re: Extension of Time to Respond to Remaining Renewal Deficiencies, Soldier Creek Coal Company, Soldier Canyon Mine, ACT/007/018-DO92A, Folder #3, Carbon County, Utah

The Division has reviewed your January 20, 1993 request for additional time to respond to renewal deficiencies. Your request is considered reasonable in light of the pending sale of the mine and your commitment to involve a hydrologic consultant to complete the hydrologic reposes. All deficiencies not involving hydrologic input will need to be submitted by March 31, 1993. The remaining items will need to be submitted by no later than June 1, 1993. As discussed in our phone conversation of February 23, 1993 further delay beyond the extended dates will not be considered.

Please make every effort to complete the remaining items in the Division Order as quickly as possible and don't hesitate to call if you have questions.

Sincerely
