Re: Completion of Midterm Review, Soldier Creek Coal Company, Soldier Canyon Mine, ACT/007/018, Folder #3, Carbon County, Utah

Dear Mr. Olsen:

The Division has completed the review of information you provided during the midterm review process. We have determined that the information provided on March 7, 1995 and supplemented on May 3, 1995 is acceptable for incorporation into your Mining and Reclamation Plan and is hereby approved. This closes out the midterm review with all issues having been adequately addressed at this time. You should keep in mind the commitments which Soldier Creek has made during this midterm; namely the commitment to supply revised PHC information prior to permit renewal in conjunction with the Alkali Lease and to obtain final approval to construct all proposed facilities by September 15, 1996.

Thank you for your cooperation during the midterm process. Please call if you have any questions.

Sincerely,
