15. CESSATION OF OPERATIONS

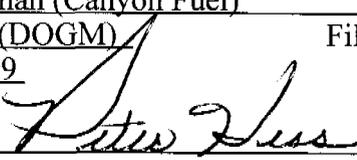

Mr. Dave Spillman, Manager of Technical Services for Canyon Fuel Company for the Dugout Canyon and Soldier Canyon Mines indicated today that the amendment to place the Soldier Canyon Mine under temporary cessation of mining will be forthcoming very shortly. As of today's inspection, Dave indicated that he is waiting on some updated mine workings maps, prior to submittal. The Mine will continue to be ventilated and examined according to MSHA requirements. All face extraction machinery has been removed from the Mine. Mr. Spillman speculated that the Mine would be sealed according to MSHA approvals sometime during 1999.

Activity at the Soldier Canyon site remains minimal; there were no changes noted with regard to site conditions.

Note: This inspection report does not constitute an affidavit of compliance with the regulatory program of the Division of Oil, Gas, and Mining.
