Ken,

I've attached three comma delimited files containing our first quarter water monitoring results.

DCM_1stQ.csv = Dugout Canyon Mine

DCB_1stQ.csv = Dugout Canyon Tract Expansion Area Baseline

SCM_1stQ.csv = Soldier Canyon Mine

Please note that there was no water monitoring required at Banning during the first quarter.

Let me know if you have any question or comments concerning the attached files.

Thanks,
Dave
