Dear *AK* Klein:

Re: State Final Findings and Supporting Documentation, Emergency Lease, Tower Resources Inc., Centennial Project, ACT/007/019A, Folder No. 2(3) and 4, Carbon County, Utah

Enclosed please find Utah's Final Findings and Supporting Documentation Package (FSD) for Tower Resources' Emergency Lease.

The Division has modified the June 28, 1985 Draft FSD based upon comments received from the Office of Surface Mining on August 22, 1985. This document has been reviewed by the technical/supervisory staff, the Administrator of the Mineral Resource Development and Reclamation Program and the Associate Director for Mining as per the Division's quality control review policy. It has also undergone outside legal review as per Division policy.

The Division is satisfied that the Mining and Reclamation Plan (MRP) submitted by Tower Resources for the Emergency Lease is adequate to receive Final Permit Approval and that the FSD is complete and accurate. Please contact me or Susan C. Linner of my staff if there are questions.

Best regards,

Dianne R. Nielson  
Director
