Dear Mr. Glasson:

Re: Permit Renewal, Andalex Resources, Inc., Centennial Project, ACT/007/019, Folder #2, Carbon County, Utah

After reviewing your application for permit renewal, we have determined that you must make a few changes in the newspaper advertisement that you have proposed.

- 1) Please include the entire legal description as shown on the permit document. One correction needs to be made in that description. Under Township 13 South, Range 11 East, SLBM, Section 18, it should be: N 1/2 N 1/2, SW 1/4 NE 1/4, NW 1/4 SE 1/4 NE 1/4, E 1/2 SE 1/4 NE 1/4, E 1/2 NE 1/4 SE 1/4.
- 2) Please list the Carbon County Courthouse, Recorder's Office, rather than the Division of Oil, Gas and Mining Price Field Office as the location of one copy of the permit.
- 3) The map needs to show the permit, rather than the lease, boundary. Maps, if used, are also required to have a north arrow.

Please submit a copy of this revised newspaper advertisement to our office.

There are a few changes in the legal descriptions contained in your mining and reclamation plan that need to be corrected as well. On pages 15-16 of Chapter 2 the following changes should be made:

- 1) Lease U-010581 Tract 1. For clarity, there should be a comma between "Lot 1" and "NE 1/4".

ACT/007/019.

- 2) Lease UTU-66060 should be T. 12 S., R. 11 E., SLM, Utah, Sec. 31, Lots 3-6 and 13-22. It is now shown as T. 13 S. and does not include lot 15.

A copy of the PAP needs to be on file at our office and at the Recorder's Office when the newspaper ad begins.

One further item that will be required prior to our issuing a permit renewal will be the cross-reference that we discussed over the phone on October 23, 1991. You must provide a detailed cross-reference for your plan to the new R614 regulations.

Please feel free to call me at 538-5340 if you have any questions.

Sincerely,

Daron R. Haddock
Permit Supervisor
