Dear Mr. Glasson:

Re: Surface Drainage Modification, Andalex Resources Inc., Centennial Mine Complex, ACT/007/019, Folder #2, Carbon County Utah

The Division received your request for a modification to your surface drainage plan on February 6, 1991. Your request sounds reasonable, however we need additional information before this change can be approved. Drainage designs for the area in question must be supplied. These designs should be in a format ready for insertion to the Mining and Reclamation Plan (MRP).

If you are still interested in this permit change, please submit eight (8) copies of the required designs which should provide enough for distribution to other agencies.

If you have any questions, please feel free to call.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
