RE: N92-41-2-1 Abatement

Dear Mr. Baker:

I have learned from Commercial Testing and Engineering Co. that the samples of roof and floor material for which I had requested the additional table 6 analyses were discarded, for no apparent reason. This has forced me to retake new samples which have been given to the lab with specific instruction that the results must be sent to your office no later than 30 days from today.

We appreciate your consideration of this request for an extension of the above referenced abatement period.

Sincerely,

Michael W. Glasson
Senior Geologist
