RE: Revegetation Test Plots at Centennial Project, Andalex Resources, Inc., Centennial Project, Folder #5, ACT/007/019, Carbon County, Utah

Andalex committed in their Mining and Reclamation Plan to attempt to establish more shrubs on their test plot on soil stockpile F in 1992. This commitment was made at the time of permit renewal early in 1992, but because it did not appear that adapted shrub stock was available, this shrub planting was delayed by mutual consent until 1993. Stock should be obtained and this test plot planted in the spring of 1993.
