Mr. Richard Dawes, Chief  
Division of Federal Programs  
Western Field Operations  
Office of Surface Mining  
Brooks Towers  
1020 15th Street  
Denver, Colorado 80202

Dear Mr. Dawes:

Re: Withdrawal of Application for Incidental Boundary Change, Andalex Resources Inc., Centennial Project, ACT/007/019-92E, Folder #3, Carbon County, Utah

On September 23, 1992, you were sent a Decision Document for Andalex Resources' Incidental Boundary Change in the AEP lease. The Division has since been informed by Andalex that the IBC is no longer needed. The Application has been withdrawn and an IBC will not be issued. Please review the enclosed copy of the letter received from Andalex.

We are aware that Andalex still intends to permit the entire AEP lease in the near future. We will keep you informed of developments with respect to the AEP lease as they occur.

Thank you for your help during the permitting process. Please call if you have any questions.

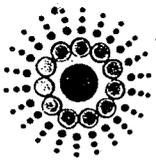

Sincerely

A handwritten signature in black ink that reads "Daron R. Haddock".

Daron R. Haddock  
Permit Supervisor

Salt Lake City, Utah 84180-1203

Attn: Daron Haddock, Permit Supervision  
re: Incidental Boundary Change, Act 007/019

Dear Mr. Haddock,

This letter is to inform the Division that the Incidental Boundary Change requested in a August 21, 1992 submittal is no longer requested at this time. The lease boundary in question was reached prior to final approval and permit issuance and retreat mining has commenced.

Meanwhile, we urge the Division to continue its efforts to approve the mining of the Centennial Seam on the remainder of the new AEP lease and we offer any assistance along these lines.

The eight copies of the modification requested by you for review by other agencies are forthcoming.

Thank you.

Sincerely,

*Michael W. Glasson (M)*
