Dear  Mr. Glasson:

Re: Division Order 92B, Andalex Resources Incorporated, Centennial Project,
ACT/007/019, Folder #3, Carbon County, Utah

The Division conducted a routine inspection of the Centennial Project on October 22, 1992. During the inspection, it was determined that your Mining and Reclamation Plan does not adequately describe drainage diversion UD-2. A Division Order has been enclosed which requires Andalex Resources to submit an application for permit change to correct this problem.

Please review the Division Order and accompanying inspection report, and submit the required permit changes by the specified due date. If you have questions regarding the order, please contact me, Daron Haddock, or Paul Baker.

Best regards,
