Re: ACT 007/019

Dear Mr. Haddock:

Enclosed for your review are three copies each of text pages 157 through 180 and revised plate 8. Also, enclosed is the application for permit change describing everything which has been submitted.

This section of the permit deals with diversion structures which carry both disturbed and undisturbed runoff.

The computer runs demonstrating adequate sizing are not included, but are available should your hydrology staff care to review them.

Please call with questions.

Sincerely,

Michael W. Glasson  
Senior Geologist
